

Janet Horgan

Administrative Assistant in the Civil & Environmental Engineering Department

Distinguished Lasallian Staff Member

2018-2019

Janet Horgan is the mother, the teacher and the guidance counselor for many students. She is by far the best “teacher” in the department, she listens to the student’s problems and tries to guide them with unbelievable faith in God and the human spirit. Her stories with the students always focus on moral and ethical behaviors. She is in the office by 7:20 AM and starts working on helping the faculty and the students accomplish what they planned on for that day.

Janet has the best relationship with the faculty and the students. The relationships are based on mutual respect and love. Her communication with the member of the Advisory Board and the alumni are conducted with the utmost respect and always with a smiling face.

Janet’s faith is the center of her existence. She radiates kindness and love in everything she does. Just listening to Janet talking to the students makes you believe in the power of love and faith. She helps the students organizing all events in the school and outside the school and is always ready to go the extra mile to make sure that the event is a great success. Janet’s faith and her love of Christ is the cornerstone of her life. I am blessed to work with someone with such strong faith and high moral values.

Presented by Dr. Moujalli Hourani
Associate Professor
Civil and Environmental Engineering
Administrator/Staff Convocation on November 27, 2018
